4 November 2020

Dear families,

I hope you are all well.

As you'll know, the government has announced that there will be a lockdown due to rising Covid-19 cases in the country. We understand that this is a worrying time and that you'll have questions around what this means for the school knowing that we will remain open for all of our children.

We will continue to make sure we're safe and secure by keeping children in their bubbles, minimising their movements around school, staggering starts and ends of the day, encouraging hand washing and sanitising. Please be assured that the safety of our children, staff, families and wider community is our top priority.

See today's new guidance release [here](#).

Face coverings will be required from Thursday

The government advises that pupils over the age of eleven wear face coverings in school corridors in areas that have been placed into lockdown. As there is a national lockdown beginning on Thursday, we will require all pupils to wear a face covering whenever they are moving through the school corridors. They can wear any non offensive face covering. Please ask them to bring their coverings to school. We will inform all year groups today.

If your child is exempt from wearing a face covering due to a medical issue, please contact the school office ca-office@inspirationtrust.org so that we can make staff aware.

Attendance remains important

It's incredibly important that you continue to send your child to school. None of us want them to miss out on their education. Our teaching teams are committed to ensuring that our children and their families are supported.

If your child has a doctor's letter saying that they have been classified as extremely clinically vulnerable and need to stay at home, please do let us know.

In a bid to adhere to the guidance, we are seeking to minimise the number of people who are visiting the school so I ask that all communication goes through to the school office by phone or email unless your journey is absolutely necessary.

If you have any questions, please contact us via the email address above.

I wish you all the very best of health during the times ahead.

Thank you for your support.

Best wishes,

D.Hollingsworth
Principal
